

TENNESSEE WIC PROGRAM MINIMUM STOCK REQUIREMENTS

EFFECTIVE JULY 1, 2015- SEPTEMBER 30, 2016

GENERAL INFORMATION:

1. **Minimum quantities for all required categories and items must be stocked at all times regardless of the number of WIC transactions at any given time.** Failure to do so may result in termination of the WIC Vendor Agreement and/or disqualification as an authorized WIC vendor.
2. **Only approved foods within the manufacturer's product eligibility dates and priced in a clearly visible location will be counted towards meeting minimum stock.**
3. **When multiple sizes of the same food category are allowed, the vendor is expected to attempt to stock at least one product of the maximum allowed size.**
4. There are (3) different minimum stock lists, depending on whether they are a major chain, large independent, small independent, etc. Regional Vendor Representatives will notify each vendor applicant or authorized vendor as to which list applies to their location.
5. Each list is based on the vendor's ability to transact at least a specific number of WIC Food Instruments (FIs) for many food categories. This includes four (4) FIs for "large", three (3) FIs for "medium", and two (2) FIs for "small". However, where appropriate, some categories have been adjusted to require a lesser amount.
6. Remarks in the "Comments" column provide general information for stocking each food category. Refer to the "Tennessee WIC Food List" for specifics.
7. Where it says "Optional," vendors have the option of carrying the suggested amounts of that category or item.
8. Each list includes the federal requirement that at least one (1) variety of eligible cereal stocked must be a whole grain cereal.
9. Each list includes minimum stock for Cash Value Vouchers (CVVs) to be used for purchasing fruits and vegetables. This includes the federal requirement that at least a minimum of two (2) varieties of eligible fruits and two (2) varieties of eligible vegetables must be stocked at all times.
